Daniel Schmidt

Highly motivated and adaptable professional with a diverse background encompassing roles in automotive maintenance, snow plowing operations, and general construction labor. Possessing a CompTIA A+ certificate, I bring a unique blend of technical skills, problem-solving abilities, and a strong work ethic to the Information Technology field. Proven experience in managing tasks efficiently, working effectively under pressure, and collaborating with diverse teams to achieve objectives. Eager to leverage my broad skill set and passion for technology to contribute positively to IT projects and initiatives.

Work Experience

Plow Operator & Property Maintenance Tech, Berndt Snow Inc. Jan 2006 – Present

Operated snow plow trucks, snow blowers, and salt spreaders during winter months, ensuring safe and efficient removal of snow and ice from roads and properties. Adapted to changing weather conditions and worked effectively under pressure to maintain clear pathways.

During summer months, executed property maintenance contracts, specializing in landscaping and painting services. Demonstrated attention to detail and craftsmanship while enhancing outdoor spaces and revitalizing property aesthetics. Flexibility to transition between seasonal responsibilities while maintaining high standards of workmanship and customer satisfaction.

Site Manager - TrueBlue Car Wash, Apr 2022 – Dec 2022

Managed all aspects of employee recruitment, onboarding, training, and scheduling while enforcing overtime policies and fostering employee engagement. Oversaw sales growth initiatives, profitability management, and financial metrics comprehension, ensuring business sustainability. Prioritized customer satisfaction through timely issue resolution and adherence to safety procedures and vehicle damage claim protocols. Maintained a focus on operational efficiency and site profitability while promoting a positive work environment. Demonstrated adaptability and flexibility in fulfilling additional duties as required.

Assistant Manager - KC's Car Wash, Jun 2020 – Apr 2022

As Assistant Manager at the car wash, responsibilities included safely directing vehicles into the wash tunnel and monitoring the wash process. Additionally, served customers by selling wash packages and addressing inquiries in a professional manner. Ensured cleanliness of the lot and proper

operation of equipment, including vacuums. Concluded daily operations by closing facilities.
